Description

Chester Bar Stool – Red
A padded faux leather bar stool on an electroplated steel frame. At 37cm wide and 44cm deep, the Chester has a narrower footprint than the New Moon — suited to bar counters and poseur table runs where space is limited. Overall height 92cm. Red finish.
The seat padding is thick faux leather with a wipe-clean surface. The frame is electroplated rather than painted: the finish bonds to the steel surface chemically, which makes it harder and more chip-resistant than powder coat.
Typical Uses
Branded events, Christmas parties, sports bars, and corporate receptions where a colour accent is part of the brief. Red stools are often used to hit a brand colour, mark a specific zone in a venue, or add contrast to a neutral palette. Three or four red Chesters at a bar end draw attention without overwhelming the space.
Buying in Bulk
A standard poseur table comfortably seats three Chester stools per side. Two stools ship per carton. Volume pricing applies from 10 units.
Pairing Suggestions
The red Chester pairs with black or white poseur tables. A run of red stools alongside black Chesters marks a specific bar zone without requiring different furniture. For branded events, the red finish pairs with matching linen and signage in the client colour palette.
Care and Maintenance
Wipe the seat with a damp cloth after use. Avoid abrasive cleaners. The electroplated frame cleans with a dry or slightly damp cloth. Check frame joints periodically. Store dry.
