Description

Chester Bar Stool – White
A padded faux leather bar stool on an electroplated steel frame. At 37cm wide and 44cm deep, the Chester has a narrower footprint than the New Moon — suited to bar counters and poseur table runs where space is limited and seating density matters. Overall height 92cm, which fits standard bar-height counters and poseur tables. White finish.
The seat padding is thick faux leather with a wipe-clean surface. The frame is electroplated rather than painted: the finish bonds to the steel surface chemically, which makes it harder and more chip-resistant than powder coat.
Typical Uses
Wedding bars, bridal events, boutique hotel foyers, and corporate receptions where a clean, light aesthetic is required. At 92cm the Chester pairs with any standard poseur table. Event hire companies often stock the white Chester alongside the New Moon in white for a matched set, or mix with the black Chester for a two-tone bar layout.
Buying in Bulk
A standard poseur table comfortably seats three Chester stools per side. Two stools ship per carton. Volume pricing applies from 10 units.
Pairing Suggestions
The white Chester pairs with white poseur tables or Poseur Table – Metallic Silver. For a fully white look, combine with white folding chairs at standard-height tables. Mix with the black Chester for contrast at the same counter.
Care and Maintenance
Wipe the seat with a damp cloth after use. Avoid abrasive cleaners. The electroplated frame cleans with a dry or slightly damp cloth. Check frame joints periodically. Store dry.
